

The Mission of Uxbridge Community Gardens is to:

- provide community members of all ages and abilities an accessible place to meet and share a common interest in gardening while being able to provide healthy food for their families and friends.
- supply community members with the knowledge they need to create and maintain successful gardens while promoting sustainable gardening practices such as organic gardening and on-site composting.
- create partnerships between community members, schools, and local businesses while demonstrating social responsibility by sharing produce with the People First Food Pantry and Council on Aging.
