

THE BELLINGHAM COUNCIL ON AGING PRESENTS

DISCOVERING WHAT'S NEXT: “THINKING BEYOND THE MONEY”

TUESDAY, JUNE 14th 2016, 6:00 p.m.
COUNCIL ON AGING SENIOR CENTER
40 Blackstone Street, Bellingham

While money is a very important part of retirement planning, it is far from everything. Thinking about retirement in a creative and comprehensive way can be critical to supporting health and happiness.

“Thinking Beyond the Money” presents a new definition of “retirement,” promotes effective planning and offers a practical model for considering the possibilities, midlife and beyond, by prioritizing six targets: home, security, fitness, connection, purpose and balance. Each participant leaves with a set of worksheets to inspire and motivate completion of a personal plan.

Join us for an engaging and fun evening. We encourage attendance with spouses and significant others to enrich the experience. Invite your friends and neighbors.

A light dinner will be served at 5:30 PM before the program begins.

Reserve a seat by calling Bellingham Council on Aging at 508-966-0398
FREE AND OPEN TO THE PUBLIC

Discovering What's Next® is a program of ESC of New England
