

Volunteers needed to staff “Senior Fraud HelpLine”

National legal entities are calling Scams the “crime of the 21st Century”.

The \$18 trillion dollars in the hands of those 65 and over is what makes them such popular targets!

RSVP Worcester Area Volunteers is accepting applications from individuals age 55 and over to staff their **new** Senior Fraud HelpLine, launching this October.

The goal of the HelpLine is to be a recognized safe place for seniors in Worcester County who may be confused or concerned about a phone call, email or other solicitation.

They’ll:

- Act as **peer-to-peer** compassionate listeners.
- Intervene to dissuade callers from responding to high risk solicitations.
- Track calls to help identify scams or frauds “trending” in specific cities or towns.

Detailed training is provided! Background checks and being a Worcester County resident is a requirement. Applications being accepted **now** for training in May or September. Contact Kathy at 508-791-7787.
