Director

SEPTAGE DISPOSAL POLICY

PURPOSE

The intent of this policy is to establish a uniform process and procedure governing the receipt of domestic septage generated in the Town of Uxbridge and at times domestic septage originating from outside the Town of Uxbridge. In addition to the framework for the acceptance of domestic septage, this policy outlines the cost associated with the disposal of the domestic septage at the Town of Uxbridge Wastewater Treatment Facility (WWTF).

POLICY

1. The Town of Uxbridge Wastewater Treatment Facility (WWTF), under normal operating conditions, will accept all domestic septage generated in the Town of Uxbridge. Domestic septage generated outside of the Town of Uxbridge will be on a first come first serve basis. All trucks disposing of liquid waste at the Uxbridge WWTF will be considered full.
2. Any load containing grease or industrial or commercial byproducts originating in the Town of Uxbridge will only be accepted with prior knowledge and approval and will only be accepted Monday thru Thursday before 12:00 Noon, Fridays before 9:00 A.M. Any load containing grease or industrial or commercial byproducts originating outside of the Town of Uxbridge will not be accepted.
3. The fee for disposal at the Uxbridge WWTF is as follows: \$75.00 / 1000 gallons.
4. The Wastewater Treatment Facility will keep a daily log of all disposals by hauler and will bill monthly per the disposal log. The fee will be based on 80% of the capacity of the truck. Payment will be due within 20 days of billing. Any hauler with an outstanding balance will not be allowed to discharge septage until payment is made in full.
5. Septage forms must be filled out completely with all required addresses and phone numbers, as the Uxbridge WWTF reserves the right to verify any and all loads brought to the facility. Vehicle registration number is required and hauler will be billed for the truck with the largest capacity if not provided. Any hauler found to be bringing improper loads to the Uxbridge WWTF will be subject to reduction or termination of dumping privileges. Septage forms can be obtained at the Wastewater Treatment Facility.
6. All haulers must apply for and be granted from the Uxbridge Board of Health a permit to carry septage in the Town of Uxbridge before being allowed to dispose at the Uxbridge WWTF.

7. The Uxbridge WWTF reserves the right, at times it deems necessary, to temporarily rescind any or all portions of this policy.
8. The Board of Selectman voted their concurrence with this policy during a meeting held on March 11, 2013 and shall remain in place until rescinded or modified by a vote of the Board of Selectmen.
