**RT 122 WATER MAINS
CONSTRUCTION NOTICE**

Ludlow Construction is planning to begin night work starting on Tuesday, May 31, 2016 for a two-week period. The hours of operation will be from 6:30 pm - 4:30 am.

The first night of construction (May 31, 2016) will include a water shut down between the hours of 8pm and 3 am. This water shut down is required to isolate the water main so the contractor can begin his work. The shutdown will be temporary and encompass the area from the Rt. 122/ Douglas Street intersection south to Park Street and from the Mendon Street/Rt. 122 intersection east to the bridge near Lynch's Store.

We anticipate this will be the only shut down during this time frame. Notices of the shutdown are being delivered to residences and businesses within the service area.
