**#2. Uxbridge 4<sup>th</sup> of July Committee**

Amie Briggs said they have their approvals for use of the fields and are getting more donations than they did last night.

Two day event the first night the doors will open at 4pm on Friday and the second night doors open at 3 on Saturday.

There will be two details each night, because this is a town event details are at \$40.00 an hour, 8 hours per officer, total for both nights will be \$1,280.

Kevin said all sports and activities will be complete so there will be no conflict with the schools.

**#3. Mike Potaski – S curve from Foxy Travel to Linwood Post Office**

Mike Potaski said the community in the area were wondering when the pedestrian warning sign and speed sign were going to be put up in the area.

Benn said the signs are going to be up shortly. Mike said that Peter Emerick talked about the speed coming around the S curve and he said that 20 mph seems reasonable. Jeffrey Lourie agrees with Peter Emerick that the speed limit for that area should be 20 mph.

Benn said that you need a speed study to support the signage and this would go through MA DOT. There needs to be a valid speed regulation in place because if not it will void any traffic enforcement that is done in that area relative to speed.

Jeffrey Lourie to have Peter Emerick do a speed survey of the area and also asked Benn to contact MA DOT.
