Benn reached out to the state to get it done. Benn said that he reached out to them again but has not heard back. Steve said he's been by but truck traffic has not been bad. It seems to be during the busiest times of the year and it needs to be monitored.

E. Hazel St., resident request for weight restriction signs – Update.

The resident was saying that because of the bridges and culverts there was a weight restriction and the signs have been removed. Chief said he did not see any nuisance truck parking.

The police bought a radar sign to assist with speed complaints around town. The sign had been put up on Mendon St. in the area where it goes from 35 mph to 25 mph and he said 99% of the traffic is going 35 because it drops at the church.
