1. Call to Order 6:30pm by Matt Keane
2. Public Comment:

Peter Demers raised a question about capital expenditures and funding process; shared opinion that large cap items should be voted on in town meeting.

Paul Paulino expressed appreciation for new curriculum additions regarding STEM courses and Business/Marketing curriculum; thanked team for hard work in developing curriculum.

Matt Keane thanked Dr. Tiano for his three years of service to Uxbridge Public Schools and wished him best of luck in his new position; and welcomed Dr. Dillon to the district.

3. Capital Project Update

Purpose of agenda item is to find a funding mechanism for the Taft roof proposal; Matt Keane reminded group that language of articles presented at December town meeting specifically stated a dollar amount to be spent for Taft roof project and Whitin School roof project, and if project balance exceeds that, amount should be funded out of School Department operating budget.

Whitin School roof proposal came in under budget of what was approved at town meeting; project is set to move forward. Roof at Taft is a larger project then what was initially put forward and exceeds approved dollar amount; School Committee must come up with contingency plan to fund overage and approve plan to begin project.

Warrant article approved \$666,300 for Taft roof. Total bid is for \$929,000; amount above approval is \$262,700 plus \$92,900 contingency.

**Meeting Minutes
